Continuation of Substance of Interview including description of the general nature of what was discussed: Examiner's amendments were discussed to place the application in condition for allowance. The amendments to claim 58 were made to clarify the claims overcoming possible concerns with regard to antecedent basis. The amendment to claim 61 was made to remove the trademarked term "Unigene" from the claim. The amendments to the specification were made to remove the trademarked term UNIGENE from the specification as this was an improper use of the trademark that could weaken the value of the mark. Ms. Beattie approved all amendments and it was agreed that the amendments would be entered and the application would be passed to allowance.
